

Why work with us?

“

Ivy Hill has a wonderfully inclusive atmosphere and my daughter has gained such self-confidence there!

”

“ This program has been wonderful for my son. It has helped with confidence and given him something to be proud of. His brothers both play sports, but he cannot compete on level with his peers. This has given him something to have ownership of and something to tell people about, which has in turn helped with his confidence. ”

“

Ivy Hill has proven to not only be a winner for the community but also an extraordinary service to our most vulnerable children and adults. The administration, staff and volunteers are all amazing people. The programs they provide prove everyday that our children can do better physically and emotionally. ”
